**Media Fusion Tech Launches The David Gilbert Group Website**

**Boyertown, PA** – (November 07) Media Fusion Technologies, Inc (MFT) is pleased to announce the launch of the all new website for **The David Gilbert Group**, a multifaceted family owned and operated group comprised of three distinct construction related companies.

The website – [www.thedavidgilbertgroup.com](http://www.thedavidgilbertgroup.com) – showcases the companies, all owned and operated by David Gilbert of Boyertown, PA. The three companies that construct The David Gilbert Group are Gilbert Home Improvement, Gilbert Compact Excavating and Reflections of Nature.

**Gilbert Home Improvement** is the construction and home improvement division of The Gilbert Group. Gilbert Home Improvement specializes in additions, garages, composite decks, general carpentry, door and window installation, porches, laminate and hardwood flooring installation and more.

**Gilbert Compact Excavating** offers a large variety of small to mid-sized excavating for Homeowners and Contractors through use of several pieces of specialized equipment and attachments. This division provides a solid and convenient solution when standard large excavating equipment will not fit in a small area or when users don't want the big mess that big equipment often leaves.

**Reflections of Nature** is The David Gilbert Group's full-service landscape, hardscape and lawn care division. Certified by the Interlocking Concrete Paving Institute, Reflections of Nature specializes in seamlessly merging patios, driveways, sidewalks, retaining walls and more with traditional soft landscaping elements to create a cohesive, attractive element that raises property values.

Additional information on The David Gilbert Group can be found by visiting [www.thedavidgilbertgroup.com](http://www.thedavidgilbertgroup.com)
