**Rinox Pavers Launches New Web Site**

**DOUGLASSVILLE, Pa., June 23, 2009** – Rinox Pavers, manufacturer of high-quality pavers, retaining walls and masonry products, launched a new web site – [www.rinoxpavers.com](http://www.rinoxpavers.com) – to spotlight its complete line of products and services for homeowners, contractors and design professionals.

Rinox pavers are used in residential and commercial applications, adding functionality and curb appeal. From simple walkways to expansive outdoor living spaces – patios, kitchens, fire pits, pergolas and more – the pavers and retaining walls add a touch of elegance and value.

The site features vibrant images of Rinox products in applications that include driveways, retaining walls, pools, flowerbeds and outdoor showers. It also includes areas designed to address the specific needs and services of homeowners, contractors/dealers, and design professionals.

An [Idea Gallery](#) comes complete with pictures of existing applications to spark ideas. It allows homeowners to envision the transformation of their home using Rinox pavers. Free catalogs are also available through the site.

For contractors, links to the [Rinox Preferred Contractor](#) program are provided, while design professionals can access construction drawings, technical specs, and other tools necessary to create eye-popping projects.

The site also offers access to free idea coaching, expert installation and do-it-yourself clinics.

For more information, visit [Rinox Pavers](#).

**About Rinox**

Rinox has been helping make dreams come true for nearly a decade. Its high-quality pavers, retaining wall systems and masonry products grace private homes and commercial settings throughout the northeastern United States and eastern Canada.

Our products create distinction through eye-catching landscape projects that are inspired by the beauty and elegance of natural stone.

Rinox products are distributed exclusively through authorized dealers. We offer the style and opulence of natural stone without potential inconsistencies in dimension or color range – the perfect marriage of form and function guaranteed to turn heads and last a lifetime.
